

COURSE OUTLINE: EST163 - SKIN CARE LAB II

Prepared: Silvana Bassanello

Approved: Martha Irwin, Chair, Community Services and Interdisciplinary Studies

Course Code: Title	EST163: SKIN CARE PRACTICAL LAB II
Program Number: Name	2017: ESTHETICIAN
Department:	ESTHETICIAN
Semesters/Terms:	20W
Course Description:	This course builds upon the knowledge and esthetic skills developed in Skin Care Practical Lab I. Acne treatments and anti aging treatments will be reviewed and advanced skin procedures including microdermabrasion, chemical exfoliation treatments, and BB Glow treatments will be introduced. Focus of instruction will be on condition specific treatments. Professional image and excellence in client care will be emphasized.
Total Credits:	6
Hours/Week:	6
Total Hours:	90
Prerequisites:	EST141, EST142
Corequisites:	There are no co-requisites for this course.
This course is a pre-requisite for:	EST208, EST210
Vocational Learning Outcomes (VLO's) addressed in this course:	2017 - ESTHETICIAN
Please refer to program web page for a complete listing of program outcomes where applicable.	VLO 1 Perform a variety of specialized body and skin care treatments following correct procedures and precautions and supporting client needs (including and not limited to facials, manicures, pedicures, hair removal, and make up applications).
	VLO 2 Use a range of specialized equipment and products, in compliance with established national, provincial, industry, and other related standards, regulations, policies, and procedures.
	VLO 3 Apply relevant knowledge of anatomy, physiology, and histology to the provision of specialized esthetic treatments and services.
	VLO 4 Adhere to health, safety, sanitation, and infection and prevention control guidelines, according to current legislation and national, provincial, municipal, and industry standards and regulations.
	VLO 5 Identify business skills and activities required for the successful establishment and operation of a small esthetic business in a salon or spa environment.
	VLO 6 Select and recommend the use of esthetic products and product ingredients to clients, taking into account health status and identified needs.
	VLO 7 Establish and maintain professional relationships in adherence to standards and ethics associated with the profession.
	VLO 8 Develop customer service strategies that meet and adapt to individual needs and expectations in accordance with professional standards and ethics.
	VLO 9 Determine professional development strategies that lead to the enhancement of work performance and career opportunities and keep pace with industry change.

SAULT COLLEGE | 443 NORTHERN AVENUE | SAULT STE. MARIE, ON P6B 4J3, CANADA | 705-759-2554

- EES 9 Interact with others in groups or teams that contribute to effective working relationships and the achievement of goals.
- EES 10 Manage the use of time and other resources to complete projects.
- EES 11 Take responsibility for ones own actions, decisions, and consequences.

Course Evaluation:

Passing Grade: 50%, D

Other Course Evaluation & Assessment Requirements:

1. In order to successfully achieve credits for EST 163, a student must maintain an 80% attendance record throughout the semester. Anything less than an 80% attendance record will result in an F grade regardless of marks achieved through tests and assignments as the student has not met the Professional Image standards defined in the course outline.
2. Poor attendance also dismisses any student from the privilege of rotations in the Spa at Sault College as this presents a health and safety risk to other classmates as well as clients of the Spa.

Course Outcomes and Learning Objectives:

Course Outcome 1	Learning Objectives for Course Outcome 1
1. Employ the safe and appropriate use of electrotherapy equipment including the facial steamer, Lucas spray, brushing machine, high frequency, galvanic procedures including iontophoresis and desincrustation, and microdermabrasion equipment.	1.1 Knowledge of the structure and composition of the skin. 1.2 Identify skin types, their characteristics, treatment concepts and contraindications. 1.3 Identify skin conditions, characteristics, treatment concepts and contraindications. 1.4 Modify skin treatments related to contraindications to electrotherapy procedures. 1.5 Discuss the benefits to applying specialized esthetic equipment. 1.6 Employ proper sanitation, disinfection and sterilization procedures for all electrotherapy equipment as outlined by Algoma Public Health. 1.7 Maintain and store all equipment and supplies according to manufacturer’s guidelines and Algoma Public Health recommendations.
Course Outcome 2	Learning Objectives for Course Outcome 2
