SAFETY & HUMAN FACTORS IN AVIATION
Course Name

AVT 280-3
Course Number

PHILOSOPHY/GOALS:

Upon successful completion of this course the student will have briefly reviewed survival procedures and aviation medicine, and completed a Transport Canada approved course on the transportation of dangerous goods and magnetized materials.

METHOD OF ASSESSMENT (GRADING METHOD):

The student will be assessed by written mid-term and final examinations, with both tests carrying equal weight.

Grades will be indicated as follows:

- A - 90-100%
- B - 80- 89%
- C - 70- 79%
- X - below 70% at mid-term
- R - below 70% at final grading

TEXTBOOK(S):

Down But Not Out - Canadian Armed Forces

Aeromedical Handbook for Aircrew - Royal Canadian Air Force

Restricted Articles Regulations - International Air Transport Association
