

I. COURSE DESCRIPTION: (may vary)

AVT377 has two components to it. First, you will complete navigation and instrument procedures (AVT369), which includes passing the INRAT (Transport Canada Instrument Rating Exam). Second, you will learn aspects of flight operations, which will help prepare you for the knowledge portion of your ATPL and your career as a professional pilot.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

1. Pass Transport Canada's instrument rating exam

Potential Elements of the Performance:

- Navigation and instrument procedures for IFR operations
- Qualification exam for the instrument rating

2. Plan a flight in high level airspace

Potential Elements of the Performance:

- Proper application of the rules of the air
- Correct use of the desired track system for the trip. This could be jet airways, random routes, North American Track System, North American routes, Northern Tracks, Southern Tracks, or the Organized Track System

3. Assess the risk during cold weather operations

Potential Elements of the Performance:

- Aircraft contamination in flight
- Aircraft de/anti icing on the ground
- Performance on contaminated runways
- Low temperature affect on altimetry

4. Institute measures to reduce the risk of Controlled Flight into Terrain

Potential Elements of the Performance:

- Background
- CFIT statistics
- Causes
- Prevention

5. Institute measures to reduce the risk of approach and landing accidents

Potential Elements of the Performance:

- SOP's
- Crew Coordination
- Altimeter and Altitude
- Descent and Approach Management

- Approach hazard awareness
- Go-Around
- Approach techniques
- Landing techniques

III. TOPICS TO INCLUDE:

1. Oceanic Flight Planning
2. IFR Operational Rules
3. IFR Flight Planning
4. IFR Meteorology
5. Flight Planning in High Level Airspace
6. Cold Weather Operations
7. Controlled Flight into Terrain
8. Approach and Landing Accident Reduction Strategies
9. Use of Modern Radar
10. MEL (Minimum Equipment List)

IV. REQUIRED RESOURCES/TEXTS/MATERIAL:

- Instrument Procedures Manual
- A.I.P.
- Jeppeson Computer
- Enroute Low Altitude – LO 3&4
- Canada Air Pilot – CAP 4
- Terminal Area Charts
- Canada Flight Supplement
- Internet Access

V. EVALUATION PROCESS/GRADING SYSTEM:

The student will be assessed by a combination of attendance and deportment, quizzes, tests, and a final exam. Weighting of each will be as follows: 30% for quizzes, 30% for all tests prior to the final exam, and 40% for the final exam. A minimum mark of 70% is required to pass the course. Make-up tests are not permitted except in accordance with Section VI of this outline.

- Unexcused absences will result in 2% deduction of the final mark for each occurrence, arriving for class late will result in a 1% deduction of the final mark for each occurrence, and violations of the dress code will result in a 1% deduction of the final mark for each occurrence. Refer to the SOP GEN 1.3 for dress code policies and SOP GEN 1.6.7 for policy regarding absence from classes.
- Quizzes will be given without prior notice
- If it is necessary to write a second final exam in order to pass the course, the highest grade achievable will be a "C". (See make-up policy in section VI)

- Students may request a deferment of a test for compassionate reasons. Compassionate Grounds for deferment will include but not be limited to death of an immediate family member, personal illness, or recent diagnosis of a serious illness of a family member. **Make-ups will not be permitted after the fact for compassionate reasons.**
- **“F” grades in a subject at the end of a semester will result in termination from the Aviation program.**
- Although attitude, co-operation, etc., are not graded, students may be terminated based on their performance in this area (see Section VI). These attributes are also considered in the selection of the Air Canada Award and other scholarships.
- Dates of tests will be announced at least 1 week in advance.
- A classroom code of conduct can be found in the SOP General section and will be adhered to.

The following semester grades will be assigned to students:

Grade	<u>Definition</u>	<i>Grade Point Equivalent</i>
A+	90 – 100%	4.00
A	80 – 89%	3.00
B	70 - 79%	2.00
C	Assigned if a make-up exam was required to complete the course.	0.00
F (Fail)	below 70%	
X	A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the requirements for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course without academic penalty.	

VI. SPECIAL NOTES:

Attitude and Conduct

Attitude plays an important role in your ability to exercise good judgment. Although attitude is not being graded, it affects your ability to learn as well as your safety as a student and future as a professional pilot. Students who display a strong tendency towards any of the five hazardous attitudes pose a grave risk to themselves and others. For this reason, students exhibiting one or several hazardous attitudes will be counseled and if necessary, will be put on a behavioural contract. If this is ineffective in modifying unacceptable behaviour, then the student will be withdrawn from the program.

The five hazardous attitudes are identified as Ant-authority, Impulsivity, Invulnerability, Machismo, and Resignation. These hazardous attitudes are described in “Human Factors for Aviation – Basic Handbook” on pages 151 and 152.

Make-up Policy

- No make-ups on tests occurring prior to final exams.
- No make-ups on quizzes.
- If the final grade achieved for this course is less than 70%, a second final exam may be written at the discretion of the professor for this course. The second exam will be averaged with the first exam to determine the resulting exam mark, and the final grade will then be calculated.
- In the event that a second exam is required, the highest achievable overall grade for this course will be a C.
- Any student that requires 100% or greater on a make-up exam to pass the course will not be allowed to write a make-up exam

Disability Services:

If you are a student with a disability (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your professor and/or the Disability Services office. Visit Room E1101 or call Extension 2703 so that support services can be arranged for you.

Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your professor and/or the Special Needs office. Visit Room E1101 or call Extension 703 so that support services can be arranged for you.

Retention of Course Outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

Communication:

The College considers **LMS** as the primary channel of communication for each course. Regularly checking this software platform is critical as it will keep you directly connected with faculty and current course information. Success in this course may be directly related to your willingness to take advantage of the **Learning Management System** communication tool.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in *Student Code of Conduct*. Students who engage in academic dishonesty will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Course Outline Amendments:

The professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.

VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advance credit transfer (advanced standing) should obtain an Application for Advance Credit from the program coordinator (or the course coordinator regarding a general education transfer request) or academic assistant. Students will be required to provide an unofficial transcript and course outline related to the course in question.

Credit for prior learning will also be given upon successful completion of a challenge exam or portfolio.
