

I. COURSE DESCRIPTION:

The internal combustion engine course has been designed to give the CICE student knowledge of the construction, operating principles, testing and servicing of internal combustion engine assemblies. It will also give them the opportunity to dismantle short block assemblies for testing and inspection. Engine lubrication and cooling system construction and testing methods will also be discussed. An introduction to seals, sealant and gaskets will be given with their proper uses.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the CICE student, along with the assistance of a Learning Specialist, will demonstrate the basic ability to:

1. Outline the construction, operating principles, testing and disassembly of internal combustion gasoline and diesel engines.**Potential Elements of the Performance:**

- Dismantle, inspect, test and assemble engine short block assemblies.
- Measure cylinders to determine taper and out-of-round.
- Discuss the construction and composition of cylinder blocks, crankshafts and cylinder heads.
- Demonstrate cylinder ridge removal and engine cleaning.
- Measure warpage, crankshaft wear, bearing wear, camshaft wear and piston wear using manufacturer specifications and precision measuring equipment.

2. Inspect and test engine lubrication systems.**Potential Elements of the Performance:**

- Test engine oil pressure and compare to specification.
- Explain the construction and operation of crescent and gear pump
- Check engine oil levels and condition
- Change engine oil and filter as per manufactures procedure
- Reset engine oil life reminders

3. Discuss the construction and testing methods of gasoline and diesel engine cooling systems.**Potential Elements of the Performance:**

- Examine liquid cooled versus air-cooled engines.
- Identify the effects of pressure on the boiling point of water.

- Describe cleaning and flushing the cooling systems taking into account proper handling and disposal of antifreeze.
 - Test coolant freeze protection.
 - Test PH levels of antifreeze
 - Explain the necessity of coolant additives for diesel engines
4. **Identify the proper seals, sealant and gaskets used in motive power engines.**

Potential Elements of the Performance:

- Describe the proper seal, sealant and gasket selection process.
- Discuss proper removal and installation practices for seals, sealant and gaskets.
- Describe the construction and operating principles of seals, sealant and gaskets.

III. **TOPICS:**

1. Construction, operating principles, testing and disassembly of internal combustion engines.
2. Inspection and testing of lubrication systems.
3. Construction and testing of cooling systems.
4. Identification of seals, sealant and gaskets.

IV. **Automotive Technology – Text & Workbook**

Shop Coat or Coveralls

CSA approved steel toe boots (high top)

CSA approved safety glasses

(these items mandatory for shop)

Pens, pencils, calculator and 3-ring binder

V. **EVALUATION PROCESS/GRADING SYSTEM:**

The final grade for this course will be based on the results of classroom, assignments and shop evaluations weighed as indicated:

- Classroom – 50% of the final grade is comprised of term tests
 - Assignments – 10% of the final grade is comprised of a number of technical reports
 - Shop – 40% of the final grade is comprised of attendance, punctuality, preparedness, student ability, work organization and general attitude
- (Student will be given notice of test and assignment dates in advance)

NOTE: All assignments will be in typed format. NO hand written assignments will be accepted.

The following semester grades will be assigned to students:

Grade Definition	Grade Point Equivalent
A+	90 – 100% 4.00
A	80 – 89%
B	70 - 79% 3.00
C	60 - 69% 2.00
D	50 – 59% 1.00
F (Fail)	49% and below 0.00

CR (Credit) Credit for diploma requirements has been awarded.

S Satisfactory achievement in field /clinical placement or non-graded subject area.

U Unsatisfactory achievement in field/clinical placement or non-graded subject area.

X A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the requirements for a course.

NR Grade not reported to Registrar's office.

W Student has withdrawn from the course without academic penalty.

VI. SPECIAL NOTES:

Attendance:

Sault College is committed to student success. There is a direct correlation between academic performance and class attendance; therefore, for the benefit of all its constituents, all students are encouraged to attend all of their scheduled learning and evaluation sessions. This implies arriving on time and remaining for the duration of the scheduled session.

It is the departmental policy that once the classroom door has been closed, the learning process has begun. Late arrivers will not be granted admission to the room.

Cell phones are not allowed in the classrooms or shop areas during class time.

VII. COURSE OUTLINE ADDENDUM:

The provisions contained in the addendum located on the portal form part of this course outline.

Course Outline Amendments:

The professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources. The professor, in conjunction with a Learning Specialist, will periodically assess the necessity of any further modifications to the course outline.

Professor Tregonning
 Student Assessment Procedure
 for Motive Power Technician

THEORY ASSIGNMENTS

Theory assessment is based on regularly scheduled tests and assignments and final exam. Attendance and homework checks are recorded and used as an aid for counseling.

The following grades will be assigned for Theory Assignments:

A+	90 to 100
A	85
A-	80
B +	79
B	75
B-	70
C +	69
C	65
C-	60
D	50
F (Fail)	49 or less.

Assignments will be graded as follows:

- a) One day after the original due date – 70% maximum.
- b) Two or more days after the original due date – 50% maximum.

NOTE: All assignments will be in typed format. NO hand written assignments will be accepted.

Professor Tregonning Motive Power Program Policies and Procedures

1. During your program, you are considered to be a member of the Motive Power Department. As such, your actions and behavior, both in the college and the community reflect on this Department. We trust that your influence will be positive.
2. College policy prohibits the consumption of food and drink in the classrooms and shop. Smoking is allowed only outside of the building in designated smoking areas. No smokeless tobacco is allowed in theory class or shop class.

3. CSA approved Safety Glasses and Safety Boots must be worn in the Shop at all times. This means going to and from all of the classrooms located in the shop. It is the responsibility of the STUDENT to wear them. You will be marked absent if the aforementioned policy is not adhered to.
Note; All safety glasses and boots must meet Sault College CSA approval rating.

NO GLASSES-NO BOOTS-NO ENTRY!!

4.

SAFETY

- 4.1 Students must not enter the shop area or commence work before their scheduled time.
- 4.2 Students must not work alone or in an unsupervised area.
- 4.3 Students must have lift truck training prior to operating those units.
- 4.4 Students must have equipment training and Technologist/Professor approval before operating any equipment.
- 4.5 Students must not use or operate equipment that is found to be unsafe or damaged. All such equipment must be reported to the Professor or Technologist who will replace and/or repair the said equipment.
- 4.6 Where damaged or unsafe equipment cannot be repaired or replaced, the Professor/Technologist will provide students alternate shop activity.
- 4.7 Students must follow instructions and safe work practices in order to use or operate any shop equipment.
5. Repairs to your private vehicles in our facilities can be educational to you. We will accommodate you if the work is part of our program and schedules in. No car should be parked in the shop compound or outside a shop door without staff permission and a temporary parking pass clearly displayed.
6. Attendance – if late, don't bother coming until the next class, you will be marked absent. The student is to be continuously present and actively participating during all scheduled theory and shop classes (scheduled breaks accepted).
 - 6.1 A terminal objective of the Motive Power Department is the demonstration of satisfactory attendance and punctuality performance that the Motive Power Industry, itself, relies on, for efficiency, productivity and profitability.

- 6.2 If you are marked absent, and no reasonable excuse is given your absence will be termed unexcused (See 1.4 below). There should NOT be a reason to NOT let us know nor related subject Professors, in writing why you're absent.
- 6.3 Students will lose marks from their theory and shop mark grade for unexcused absences. Poor attendance can mean a repeat of both theory and shop courses if your employment skills are poor. This is based on what is considered: Employability Skills.
- 6.4 At 10% of accumulated hours of unexcused absence you will be asked to a scheduled meeting with your Professor and will be asked to sign a contract enabling you to continue the course.
- 6.5 If you are absent from class, the lesson material is your responsibility.

7. **BEHAVIOR/ATTITUDE**

- 7.1 Students are required to:
- Properly care for and maintain all shop and classroom equipment.
 - Properly clean the shop/classroom facility and equipment at the end of each class.
 - Remain in the class during clean-up and assist in the cleaning and shutting down of their shop/classroom.
- 7.2 Students are expected to conduct themselves in a manner that does not interfere with or obstruct the overall learning environment.
- 7.3 The following activities are not allowed in the shop/classrooms:
- i. Horseplay.
 - ii. Making unnecessary noise.
 - iii. Swearing.
 - iv. Abusive behavior.
 - v. Smoking, chewing smokeless tobacco, beverages and eating.

8. **ASSIGNMENTS AND THEORY TESTS**

- 8.1 Students are required to hand in assignments or write theory tests on the day and at the time specified/scheduled. See item #16 in the aforementioned document.
- 8.2 Assignments will be graded as follows:
- a) One day after the original due date – 70% maximum.
 - b) Two or more days after the original due date – 50% maximum.

NOTE: The only exception of Policy # 8 shall be those arising from personal emergencies (i.e. car accident, family death, serious illness, employment reasons) and the student supplies a written statement to that effect. See item #16.

9. Please, coffee breaks only 10 to 12 minutes **MAXIMUM**. **NOTE:** Individual Professors will address each class with their expectations. Some may only allow 10 minutes.
10. Please refrain from loitering in “C” wing hallways, around shop hallway entry doors and outside entrance doorways/walkways.
11. Being under the influence of alcohol or drugs during any shop or theory class will not be tolerated and the student will be excused from class at the Professor’s discretion.
12. Please remember that you must attend all related subject areas and pass successfully to obtain a Certificate or Diploma.
13. If you miss a test with an “unexcused absence” (as deemed legitimate by your professor) you will **NOT** be allowed to write that test. Only if; a doctor’s note, airline ticket, etc., or circumstances arising from a family emergency; and legitimate written proof can be presented to the professor. See item number 18 below for clarification.
14. If a class is missed or going to be missed it is your responsibility to notify in writing (see item #16 below) your Professor and make arrangements for handouts and notes taken while you are away.
15. The use of Lap Tops, cell phones/PDA’s, electronic information/image capturing, recording device for any form of communication or recording (voice, text, recording, image, etc...) during theory class or shop is strictly prohibited. Cell phones/PDA’s must be silenced during regular class and shop times and must be turned off and kept out of sight during all classes and test sittings. Failure to follow the latter requirement during a test sitting will result in a grade of 0 (zero) being assigned and if not out of sight or being used during class, the unit **WILL** be confiscated for the duration of the class.

NO EXCEPTIONS

16. Students may not wear earphones/headphones of any kind (i.e. for playback of recorded music/voice) during theory classes, shop classes and test sittings. This does not include hearing aids as required by hearing impaired students.

17. NO Lap Top Computers will be allowed in any class unless proper documentation is provided that the computer is required for learning assistance.
18. Any request to deviate from the aforementioned course outline requirements must be made to the Professor in writing or via Sault College email. If permission is granted it must also be granted in writing or via Sault College email. Verbal requests/permissions are not acceptable. It is the student's responsibility to maintain a copy of all such requests and associated permissions.

Students refusing to sign this form will not be allowed to register or continue in their course.

CICE Modifications:**Preparation and Participation**

1. A Learning Specialist will attend class with the student(s) to assist with inclusion in the class and to take notes.
2. Students will receive support in and outside of the classroom (i.e. tutoring, assistance with homework and assignments, preparation for exams, tests and quizzes.)
3. Study notes will be geared to test content and style which will match with modified learning outcomes.
4. Although the Learning Specialist may not attend all classes with the student(s), support will always be available. When the Learning Specialist does attend classes he/she will remain as inconspicuous as possible.

A. Tests may be modified in the following ways:

1. Tests, which require essay answers, may be modified to short answers.
2. Short answer questions may be changed to multiple choice or the question may be simplified so the answer will reflect a basic understanding.
3. Tests, which use fill in the blank format, may be modified to include a few choices for each question, or a list of choices for all questions. This will allow the student to match or use visual clues.
4. Tests in the T/F or multiple choice format may be modified by rewording or clarifying statements into layman's or simplified terms. Multiple choice questions may have a reduced number of choices.

B. Tests will be written in CICE office with assistance from a Learning Specialist.***The Learning Specialist may:***

1. Read the test question to the student.
2. Paraphrase the test question without revealing any key words or definitions.
3. Transcribe the student's verbal answer.
4. Test length may be reduced and time allowed to complete test may be increased.

C. Assignments may be modified in the following ways:

1. Assignments may be modified by reducing the amount of information required while maintaining general concepts.
2. Some assignments may be eliminated depending on the number of assignments required in the particular course.

The Learning Specialist may:

1. Use a question/answer format instead of essay/research format
2. Propose a reduction in the number of references required for an assignment
3. Assist with groups to ensure that student comprehends his/her role within the group
4. Require an extension on due dates due to the fact that some students may require additional time to process information
5. Formally summarize articles and assigned readings to isolate main points for the student
6. Use questioning techniques and paraphrasing to assist in student comprehension of an assignment

D. Evaluation:

Is reflective of modified learning outcomes.
