This course is designed to help those focusing in Early Childhood Education develop a creative approach to music and dance, and to learn skills which will help them encourage each child to discover new ways of expressing her/himself through music, dance, and language.

This course will take an interactive approach to learning all aspects of creative expression as it is reflected in art, creative movement, and creative dramatics.

V. EVALUATION PROCESS/GRADING SYSTEM:

The following semester grades will be assigned to students in post-secondary courses:

<u>Grade</u>	<u>Definition</u>	<u>Grade Point Equivalent</u>

NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course without academic penalty.	

Note: For such reasons as program certification or program articulation, certain courses require minimums of greater than 50% and/or have mandatory components to achieve a passing grade.

It is also important to note, that the minimum overall GPA required in order to graduate from a Sault College program remains 2.0.

Important Notes to Students:***Class Activities:***

1. Attendance plays an important role in successful learning and skill development, so CICE students are expected to attend
2. CICE students are responsible for work assigned during absences.
3. All students should be aware that the expectations for their conduct in class are outlined in the "STUDENT CODE OF CONDUCT" in the Sault College Handbook.

Assignments:

1. All assignments must be submitted on the due date at the beginning of the class period unless otherwise specified by the professor.
2. To protect students, assignments must be delivered by the student/author to the professor.
3. Late submissions ***will be deducted 5% per day***. Assignments ***more than one week late will not be accepted***.
4. All assignments must be submitted on the due date at the beginning of the class period unless otherwise specified by the professor.
5. Students must adhere to dates set for oral presentations unless the professor has approved prior arrangements. Students who do not present on their presentation date will forfeit the mark for that assignment.
6. Students have the responsibility to be aware of assignment due dates. If they miss in-class assignments that are due at the end of the class period for evaluation, they forfeit the mark.
7. Students are responsible for retaining a file of all drafts and returned assignments. We suggest students keep their computer file of assignments until the end of semester. In the event of a grade dispute, students must produce the graded assignment, so it can be recorded.

Tests/Quizzes:

- Tests/Quizzes must be completed on the date scheduled. If unable to attend due to illness or extenuating circumstances, contact the professor and your Learning Specialist at least one hour prior to the start of the test. **If advance notice is not given to the professor, the student will receive a mark of "0"**. It is the student's responsibility to make an alternative date with the professor that must be scheduled before the next class.

Learning Environment

In the interest of providing an optimal learning environment, all students are to follow these two expectations;

- Late students are expected to quietly enter the classroom and sit in the nearest seat available. Have your notes and writing material ready before you enter class. If assignments and activities have begun, please wait until they are completed. Wait until after class to speak to classmates about missed material. Make sure you have made arrangements with someone in the class to pick up handouts and take notes for you.
- Students are to keep private conversations out of the classroom.

Missed Classes

If a CICE student misses a class, it is their responsibility to ask a classmate to take notes and pick up assignments and handouts.

Guest Presenters

Having guest speakers is a privilege. Showing respect for them, includes keeping private conversations out of the classroom, using the bathroom before the presentation, and bringing any items to class before the presentation (Kleenex, drinks). Leaving the room should be for emergency reasons only.

Food and Drink

Students may eat and drink in class, however eating large amounts of food during class will be discouraged and students will be asked to consume their meal elsewhere and return to class when they are finished. Students are responsible for cleaning up. If the classroom is littered with garbage, the instructor may revoke this privilege.

Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your professor and/or the Special Needs office. Visit Room E1101 or call Extension 493 so that support services can be arranged for you.

Retention of Course Outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other post-secondary institutions.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in the *Student Code of Conduct*. Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Course Outline Amendments:

The professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.

VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the professor. Credit for prior learning will be given upon successful completion of a challenge exam or portfolio.

VIII. DIRECT CREDIT TRANSFERS:

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related to the course in question.

CICE Modifications:**Preparation and Participation**

1. A Learning Specialist will attend class with the student(s) to assist with inclusion in the class and to take notes.
2. Students will receive support in and outside of the classroom (i.e. tutoring, assistance with homework and assignments, preparation for exams, tests and quizzes.)
3. Study notes will be geared to test content and style which will match with modified learning outcomes.
4. Although the Learning Specialist may not attend all classes with the student(s), support will always be available. When the Learning Specialist does attend classes he/she will remain as inconspicuous as possible.

A. Tests may be modified in the following ways:

1. Tests, which require essay answers, may be modified to short answers.
2. Short answer questions may be changed to multiple choice or the question may be simplified so the answer will reflect a basic understanding.
3. Tests, which use fill in the blank format, may be modified to include a few choices for each question, or a list of choices for all questions. This will allow the student to match or use visual clues.
4. Tests in the T/F or multiple choice format may be modified by rewording or clarifying statements into layman's or simplified terms. Multiple choice questions may have a reduced number of choices.

B. Tests will be written in CICE office with assistance from a Learning Specialist.***The Learning Specialist may:***

1. Read the test question to the student.
2. Paraphrase the test question without revealing any key words or definitions.
3. Transcribe the student's verbal answer.
4. Test length may be reduced and time allowed to complete test may be increased.

C. Assignments may be modified in the following ways:

1. Assignments may be modified by reducing the amount of information required while maintaining general concepts.
2. Some assignments may be eliminated depending on the number of assignments required in the particular course.

The Learning Specialist may:

1. Use a question/answer format instead of essay/research format
2. Propose a reduction in the number of references required for an assignment
3. Assist with groups to ensure that student comprehends his/her role within the group
4. Require an extension on due dates due to the fact that some students may require additional time to process information
5. Formally summarize articles and assigned readings to isolate main points for the student
6. Use questioning techniques and paraphrasing to assist in student comprehension of an assignment

D. Evaluation:

Is reflective of modified learning outcomes.
