LEARNING ACTIVITIES

In order to develop an understanding of yourself as a teacher of young children, in-class exercises and projects will be assigned as a way of examining bias, prejudice and discrimination.

Using "Annual Editions" or current articles, choose 3 readings dealing with Multicultural issues in E.C.E. (Format attached).

A cultural simulation will be experienced as a class (date and time to be discussed later). Each student will prepare a typed report critiquing the experience. (Students unable to attend this simulation need to see the professor for personalized alternative assignment.)

Seminar/Research presentations will be presented in class (along with class summary sheet to be handed out on assigned date.) The seminar will be a thorough research of a culture of your choice, presenting it in a preschool curriculum format. A typed copy will be given to the professor for marking.

Tests on in-class material (dates announced in class).
