

**SAULT COLLEGE OF APPLIED ARTS AND TECHNOLOGY**

**SAULT STE. MARIE, ONTARIO**

Sault College

**COURSE OUTLINE**

**COURSE TITLE:** RESEARCH THREE

**CODE NO. :** ADV217                      **SEMESTER:** FALL  
2004

**PROGRAM:** GRAPHIC DESIGN

**AUTHOR:** RITCHIE DONAGHUE

**DATE:** AUGUST      **PREVIOUS OUTLINE**      AUGUST  
2004                      **DATED:**                      2003

**APPROVED:**

	_____	_____
	<b>DEAN</b>	<b>DATE</b>

**TOTAL CREDITS:** 4 CREDITS

**PREREQUISITE(S):** ADV 101, ADV 102, ADV 107

**HOURS/WEEK:** 4

## I. COURSE DESCRIPTION:

This course is an independent study that asks students to develop illustrative solutions at an advanced level. Students will use various colour materials to complete various editorial interpretive drawings. Students will also develop editorial interpretive drawings that will further adapted and developed using digital media in Semester Four. Throughout the term students will compile a sketchbook based on weekly topics. This sketchbook will be checked weekly and submitted at the end of the term. This sketchbook is worth 25% of the final grade.

## II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

1. **Demonstrate the competent use of three traditional color illustration mediums to render effective illustrations.**  
Potential Elements of the Performance:
  - Practice and refine the interpretation of various themes using traditional media.
  - Practice and refine the competent use of various media in full colour
2. **Originate effective visual communication through the application of design aesthetics – harmony, contrast, balance, opposition, rhythm, texture, tone, scale and composition**  
Potential Elements of the Performance:
  - Understand and utilize the medium as a means of editorial expression
  - Demonstrate an ability to use continuous tone and colour theory to render a specific editorial solution
3. **Develop a problem solving method using analysis, incubation of thought, inspiration of technical execution and verification of results**  
Potential Elements of the Performance:  
 Develop a more varied and competent means of developing pictorial materials on a project based outcome
4. **Develop traditional illustrations that can be transformed or enhanced through digital means**  
Potential Elements of the Performance:
  - Develop a rapport when presenting design solutions and the ability to accept and objectively analyze criticism.
5. **Project Management**  
Potential Elements of the Performance:
  - Develop working methods to develop and execute more extensive projects.
  - Demonstrate the ability to properly manage time over a more extended project
  - Develop the ability to finish a project with clarity of thought and conviction of intent.

6. **Utilize effective reference materials**

Potential Elements of the Performance:

- Develop research methods for compilation of reference materials
- Develop research methods with the use of digital photography

III. **TOPICS:**

Each student will develop a visual solution that examines the following topics, specific project parameters will be given with the introduction of the project.

- |    |  |            |
|----|--|------------|
| 1. | <b>MOVEMENT</b>                                    | <b>25%</b> |
|    | To be completed by the date noted on project brief |            |
| 2. | <b>TEMPTATION</b>                                  | <b>25%</b> |
|    | To be completed by the date noted on project brief |            |
| 3. | <b>ACTION/REACTION</b>                             | <b>25%</b> |
|    | To be completed by the date noted on project brief |            |

- Students are expected to spend a minimum of 20 hours on each project.
- Students must follow specific instructions as outlined on supplemental hand out given at the introduction of each assignment
- Preliminary sketches must be handed in with the final solutions.

IV. **REQUIRED RESOURCES/TEXTS/MATERIALS:**

*No textbooks required*

**Research:**

Students should bring their basic art supplies as purchased in their art supply kit to every class. Students will be given advance notice as to additional materials on a per project basis. Students must come to class with the proper materials to work in class weekly.

Students are encouraged to use extensive research methods for obtaining proper visual references in the brainstorm/ideation process for design problem-solving. Research materials are welcome in the classroom to assist in the development of images. However, the direct copying of research reference is strictly prohibited by copy infringement laws. Wherever possible, the student should use real life visual reference rather than relying on existing two-dimensional imagery.

V. **EVALUATION PROCESS/GRADING SYSTEM:**

**Assignments = 100% of final grade**

Assignments will constitute 100% of the student's final grade in this course. A missing assignment is equivalent to course objectives not achieved which results in an "F" (fail) grade for the course.

### *DEDUCTIONS – LATES AND FAILS*

**Lates:**

An assignment is considered late if it is not submitted at the time and date specified by the instructor.

A late assignment will be penalized by a 5% deduction for each week that it's late. The total late penalty will be deducted from the final grade. Eg. 3 weeks late = 15% deduction from final grade.

Maximum grade for a late assignment is "C"

A late assignment which is not executed to a minimum D (satisfactory) level will be assigned a fail grade with additional penalties outlines below.

**Fail:**

A fail grade (F) is assessed to an assignment which has not been executed to a minimum satisfactory "D" grade level or in which the directions have not been followed correctly.

A failed assignment must be entirely re-done or corrected according to the instructor's specific instructions and resubmitted within one week.

A failed assignment will be penalized by a 5% deduction from the final grade.

Maximum grade for a failed assignment is "C"

Failed assignments not submitted within the one week  
Time frame will be subject to 5% late deductions for each week they are overdue.

**Attendance:**

Significant learning takes place in the classroom setting through an interactive learning approach; therefore students are expected to attend all classes and inform the instructor of an anticipated absence. Attendance is mandatory for this course to ensure the course requirements and objectives are met. A total absence of 3 classes for the semester will be tolerated.

After 3 absences penalties will take effect, an additional 10% will be deducted from the final grade for this course per class missed.

i.e. 4 classes missed = 10% deduction from final grade

5 classes missed = 20% deduction from final grade

**Preliminary Studies:**

- All assignments require preliminary or intermediate steps such as thumbnails, roughs, and preliminary comprehensive layouts.
- These intermediate steps are evaluated according to criteria established by the instructor and submitted according to established timelines. The final grade for each assignment will be an average of the

grade achieved for all stages of the assignment. This reinforces the importance of the preliminary stages of each project.

#### Reclaiming and Retaining Past Assignments

For the development of student portfolios it is important that ALL past assignment work be reclaimed and retained by the student.

It is the students, responsibility to reclaim assignments after they have been assessed. Marked assignments will be returned by faculty during classroom sessions and a notice will be posted at the front of the classroom noting that the assignment has been returned. If a student is absent on the day that work is returned the work will be held by faculty for a minimum of three weeks from the return date after which, due to a shortage of storage space, the work may be discarded

The following semester grades will be assigned to students:

<b>Grade</b>	<b><u>Definition</u></b>	<i>Grade Point Equivalent</i>
A+	90 – 100%	4.00
A	80 – 89%	3.00
B	70 - 79%	2.00
C	60 - 69%	1.00
D	50 – 59%	0.00
F (Fail)	49% and below	
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field /clinical placement or non-graded subject area.	
U	Unsatisfactory achievement in field/clinical placement or non-graded subject area.	
X	A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the requirements for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course without academic penalty.	

**VI. SPECIAL NOTES:**Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your professor and/or the Special Needs office. Visit Room E1101 or call Extension 703 so that support services can be arranged for you.

Retention of Course Outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in *Student Rights and Responsibilities*. Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Course Outline Amendments:

The professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.

**VII PRIOR LEARNING ASSESSMENT:**

Students who wish to apply for advanced credit in the course should consult the professor. Credit for prior learning will be given upon successful completion of a challenge exam or portfolio.

**VIII DIRECT CREDIT TRANSFERS:**

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related

to the course in question.
