

SAULT COLLEGE OF APPLIED ARTS AND TECHNOLOGY

SAULT STE. MARIE, ONTARIO

Sault College

COURSE OUTLINE

COURSE TITLE: Software Research 1

CODE NO. : ADV 240-04 **SEMESTER:** four

PROGRAM: Graphic Design

AUTHOR: Terry Hill

DATE: Dec 2000 **PREVIOUS OUTLINE DATED:** None

APPROVED:

	_____	_____
	DEAN	DATE

TOTAL CREDITS: 4 credits

PREREQUISITE(S): ADV 237, ADV213, ADV 230, ADV 201

Hours/Week 3 hours

Course Name

Code No.**I. COURSE DESCRIPTION:**

This is a course developed to introduce the student to Illustrator 9.0. Previously learned skills on Freehand will be applied to new software. The students will fully explore the development of vector graphics and understand their importance in the graphics industry. Project management skills and time estimation skills will be crucial to the successful completion of this course.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

- 1 demonstrate a working knowledge of the basics of Illustrator 9.0
- 2 Create PDF files for remote printing or internet transmission
- 3 Successfully manage large illustration projects
- 4 Apply vector graphics to various web and print applications
- 5 Demonstrate an ability to plan, time manage, and produce a large scale independent projects

1. demonstrate a working knowledge of the basics of Illustrator 9.0

Potential Elements of the Performance:

- Demonstrate a good working knowledge illustrator 9.0,
- demonstrate an understanding of vector graphics and how they differ from raster graphics
- Demonstrate an ability to organize text into a typographical hierarchy
- Demonstrate an ability to illustrate assigned projects on the computer

2. Create PDF files for remote printing or internet transmission

Potential Elements of the Performance:

- Demonstrate an ability to use Adobe Illustrator to create PDF files
- Demonstrate an ability to transmit PDF files over the internet
- Demonstrate an ability to develop files for remote printing using graphics software and Adobe acrobat
-

3. Successfully manage large illustration projects

Potential Elements of the Performance:

- Demonstrate the ability to sufficiently research an assignment to understand the content of the assignment, the target audience, production restrictions
- Apply research skills to search out and examine similar existing design solutions for comparison
- Practice and develop time management and project management

Course Name

Code No.

- skills
 - Render preliminary stages to communicate ideas effectively to others
 - Develop project to completion using proposed project plans
 - Demonstrate an ability to include the use of multiple artistic disciplines in project development including but not being exclusive to design, illustration, and computer skills.
4. Apply vector graphics to various web and print applications
- Potential Elements of the Performance:
- Compare and contrast various vector graphics software applications
 - demonstrate an ability to use vector graphics in conjunction with web authoring and print production software
 - Demonstrate an ability to use existing resources such as the library, the internet, and personal interviews to complete research assignments
5. Demonstrate an ability to plan, time manage, and produce a large scale independent project
- Potential Elements of the Performance:
- Demonstrate organizational skills such as scheduling, prioritising, planning and time management
 - Demonstrate the ability to define and work within the project restrictions and limitations
 - Create an outline (proposal) for an independent project
 - Demonstrate an ability to follow through a large project to completion based on a proposed plan

III. TOPICS:

1. Illustrator 9.0 – basics, tools, document set up
2. vector graphics
3. adjusting vector graphics
4. Adobe Acrobat
5. Effective use of planning stages and time management
6. Creating professional proposals and presentations
7. Project management

 Course Name

 Code No.
IV. REQUIRED RESOURCES/TEXTS/MATERIALS:

Students will be required to use a variety of tools and supplies based on their individual approach to solving a design problem. Items from the portfolio kit purchased in semester 1 may be used as well as additional supplies can be purchased from the campus shop or local office supply stores. The student will also be required to purchase one or more (depending on individual student project requirements) Iomega 100mb zip discs to archive, back up and transport large files as required by their projects.

V. EVALUATION PROCESS/GRADING SYSTEM:**Assignments + 100% of final grade**

Assignments will constitute 100% of the student's final grade in this course. A missing assignment is equivalent to course objectives not achieved which results in an "R" (repeat) grade for the course.

The following semester grades will be assigned to students in postsecondary courses:

<u>Grade</u>	<u>Definition</u>	<u>Grade Point Equivalent</u>
A+	90 - 100%	4.00
A	80 - 89%	3.75
B	70 - 79%	3.00
C	60 - 69%	2.00
R (Repeat)	59% or below	0.00
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field placement or non-graded subject areas.	
U	Unsatisfactory achievement in field placement or non-graded subject areas.	
X	A temporary grade. This is used in limited situations with extenuating circumstances giving a student additional time to complete the requirements for a course (see <i>Policies & Procedures Manual – Deferred Grades and Make-up</i>).	
NR	Grade not reported to Registrar's office. This is used to facilitate transcript preparation when, for extenuating circumstances, it has been impossible for the faculty member to report grades.	

Course Name

Code No.

Midterm grades:

Midterm grades are granted as “S” for Satisfactory progress and “U” for unsatisfactory progress. Unsatisfactory progress in two or more courses requires an appointment with the Program Co-ordinator or the School’s Dean.

VI. SPECIAL NOTES:Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your instructor and/or the Special Needs office. Visit Room E1204 or call Extension 493, 717, or 491 so that support services can be arranged for you.

Retention of course outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in *Student Rights and Responsibilities*. Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course, as may be decided by the professor. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Homework:

This is a four credit course delivered in 3hour supervised format. It is expected that a minimum of one hours of homework be done each week. The student will need to use this unsupervised time to effectively research assignments and prepare preliminary stages

Deductions – Lates and Incompletes

Lates:

An assignment is considered late if it is not submitted at the time and date specified by the instructor.

A late assignment will be penalized by a 5% deduction for each week that it is late. The total late penalty Will be deducted from the final grade. Eg. 3 weeks late = 15% deduction from final grade.

Maximum grade for a late assignment is “C”

A late assignment which is not executed to a minimum C (satisfactory) level will be assigned an incomplete grade with additional penalties outlines below.

Incompletes

An incomplete grade is assessed to an assignment which has not been executed to a minimum satisfactory “C” grade level or in which the directions have not been followed correctly.

An incomplete assignment must be entirely re-done or corrected according to the instructor’s specific instructions and resubmitted within one week.

An incomplete assignment will be penalized by a 5% deduction from the final grade.

Maximum grade for an incomplete assignment is “C”

Incomplete assignments not submitted within the one week Timeframe will be subject to 5% late deductions for each week they are overdue.

Attendance:

Significant learning takes place in the classroom setting through an interactive learning approach; therefore students are expected to attend all classes and inform the instructor of an anticipated absence. Attendance is mandatory for this course to ensure the course requirements and objectives are met. A total absence of 3 classes for the semester will be tolerated. After 3 absences penalties will take effect, an additional 10% will be deducted from the final grade for this course per class missed.

i.e. 4 classes missed = 10% deduction from final grade

5 classes missed = 20% deduction from final grade

VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the instructor. Credit for prior learning will be given upon successful completion of the following:

- transcript and course description/outlines from another institution
- interview and portfolio presentation featuring learning outcomes found in this course

VIII. DIRECT CREDIT TRANSFERS:

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related to the course in question.
