Ends in View and Processes:

Ends in View	Process
Ends-in-view: 1. Develop heightened awareness of their own personal concepts of health and healthy living 2. Develop a professional understanding of health in nursing and healthy living 3. Examine beliefs, values, and perceptions about health held by others and how these differences influence the way people behave, throughout the lifespan, in relation to health 4. Develop an understanding of culturally safe practice 5. Develop basic clinical nursing skills 6. Engage in nursing praxis 7. Examine nursing actions from a nursing process framework 8. Participate in inter-professional, intra-professional and interdisciplinary learning experiences 9. Explore the change process in relation to transitions in the life cycle and in healthful living practices	Process: In order to develop a conceptual and experiential understanding of the concepts and theories in this course, learners will be provided with learning activities in which they will need to personally engage. Experiences arising from learning activities will be shared with others in active dialogue so that people's experiences with health can be considered from praxis perspective. The teacher's responsibility is to guide and facilitate, the learner's responsibility is to use resources and to actively engage in dialogue and in the process of learning.

Evaluation Process and Grading System:

Evaluation Type	Evaluation Weight
Final Exam	40%
Scenario Testing	15%

SAULT COLLEGE | 443 NORTHERN AVENUE | SAULT STE. MARIE, ON P6B 4J3, CANADA | 705-759-2554

	Test #1	20%
	Test #2	25%

Date: July 29, 2019
