- 4.11 Apply the concepts of health promotion, health protection and prevention (therapeutic treatment), rehabilitation, and/or restorative care to client's plan of care.
- 4.12 Promote the use of community agencies to assist the client when appropriate.
- 4.13 Evaluate achievement of expected outcomes (goals) of the client.
- 4.14 Respond appropriately to rapidly changing situations by revising the plan of care.
- 4.15 Document relevant data in a concise and timely manner according to CNO Standards and agency policy.
- 4.16 Integrate the concepts of drug calculations.

Course Outcome 5.

5.0 Apply the theories of growth and development and the change process to promote client's optimal health and wellness.

Learning Objectives 5.

- 5.1 Assess the individual and family based on stages of life.
- 5.2 Establish client expected outcomes (goals) in collaboration with the client.
- 5.3 Plan nursing interventions based on the selected stage of growth and development in collaboration with the client.
- 5.4 Implement nursing interventions in collaboration with the client.
- 5.5 Provide dignified, comfortable care for the dying client.
- 5.6 Evaluate the extent to which the desired outcomes (goals) have been met.
- 5.7 Modify the plan of care based on the evaluation results.

Course Outcome 6.

6.0 Utilize principles of teaching-learning to promote optimal health, wellness, and safety of the client.

Learning Objectives 6.

- 6.1 Assess the health status of the client to determine learning needs.
- 6.2 Develop a plan in collaboration with the client.
- 6.3 Apply principles of teaching-learning to facilitate client's learning.
- 6.4 Implement relevant and age appropriate teaching plans to promote optimal health, wellness and safety of the client.
- 6.5 Examine the effectiveness of the teaching plan for the client.
- 6.6 Modify the teaching plan based on the evaluation of results.

Course Outcome 7.

- 7.0 Apply research findings to support nursing practice.

Learning Objectives 7.

- 7.1 Use evidence-based information to assess client health status.
- 7.2 Provide a safe environment for the client based on current and relevant research.
- 7.3 Participate in scholarly activities to support nursing practice.
