COURSE DESCRIPTION:

This course is designed to assist students in gaining an understanding of the causes, symptoms, and treatment of various behavioural and mental disorders. Discussion will include societal and community reactions to persons with abnormal behaviour.

COURSE OBJECTIVES:

Upon completion of the course the student will:

1. have a greater understanding of abnormal psychology.
2. list and explain, at a basic level, the distinguishing characteristics of various mental and behavioural disorders.
3. gain a basic understanding of various therapeutic approaches in dealing with mental and behavioural disorders.
4. review society's reaction to abnormal behaviour and emotional disorders.
5. students should also refer to the course text's accompanying "study guide" for more specific learning objectives, related to each topic area covered in this course.

TEXTBOOKS:

1. Abnormal Psychology. Rathus and Nevid. Prentice Hall, 1991.
2. "Study Guide" accompanying textbook

Additional audio-visual materials and readings will be assigned during this course. Students will be responsible for understanding audio-visual, lecture and class discussion material.

- covering all of Section IV assigned readings.

INSTRUCTIONAL METHODOLOGY:

Student learning will be facilitated by lectures, class discussions and activities, as well as audio-visual presentations.

EVALUATION:

The final course grade will be determined as follows, in accordance with the grading policy of Sault College:

A+	=	90 - 100%
A	=	80 - 89%
B	=	70 - 79%
C	=	60 - 69%
R	=	Below 60%
8 Quizzes		.50%
Project		.30%
Participation		.20%
Total		100%

Students will be responsible for regular attendance and class participation in all areas of the course and for all reading assignments and tests as requested. The course curriculum and evaluation system can be modified at the discretion of the instructor.

NOTE: Students unable to write tests as regularly scheduled must:
1) notify the instructor prior to the test date, to make alternative arrangements
2) be prepared to document their need (i.e. physician's note) for alternative testing arrangements.
