- #8. Show respect for the diverse opinions, values, belief systems, and contributions of others.
- #9. Interact with others in groups or teams that contribute to effective working relationships and the achievement of goals.
- #10. Manage the use of time and other resources to complete projects.
- #11. Take responsibility for ones own actions, decisions, and consequences.

Course Evaluation:

Passing Grade: 50%, D

Other Course Evaluation & Assessment Requirements:

- 1. In order to successfully achieve credits for EST 141, a student must maintain an 80% attendance record throughout the semester. Anything less than an 80% attendance record will result in an F grade regardless of marks achieved through tests and assignments as the student has not met the Professional Image standards defined in the course outline.
- 2. Poor attendance also dismisses any student from the privilege of rotations in the Spa at Sault College as this presents a health and safety risk to other classmates as well as clients of the Spa.

Evaluation Process and Grading System:

Evaluation Type	Evaluation Weight
Cleansing Technique	10%
Customized Facial Treatment	25%
Mini Facial Treatment	20%
Product Knowledge Theory Test	20%
The Facial Massage	25%

Course Outcomes and Learning Objectives:

Course Outcome 1.

4

Prepared: Silvana Bassanello Approved: Martha Irwin, Chair, Community Services and Interdisciplinary Studies

Course Outcome 2.

Apply knowledge and a thorough understanding of the products in the NatureMed Professional Skincare line.

Learning Objectives 2.

- Identify the classifications of professional skin care products and effectively apply a variety of NatureMed products during a facial procedure.
- Identify specific ingredients to determine any benefits / contraindications for the client.
- Apply and prepare a wide variety of products available in order to gain a superior skill for product selection when providing effective modifications to treatments.
- Identify skin types and skin conditions on a skin analysis form.
- Consult with and recommend essential home maintenance products in order to maintain the health of skin
- Promote the features and benefits of esthetic products and services to clients to assist them in determining a course of action matched to their needs, lifestyle, and personal preferences.
- Determine a home maintenance schedule and demonstrate to the client the correct usage of various skin care products
- Select and recommend the use of esthetic products and product ingredients to the client taking into account health status and identified needs
- Demonstrate effective record keeping.

Course Outcome 3.

Conduct a client health history consultation and effectively record information on a skin analysis and facial record.

Learning Objectives 3.

- Conduct an initial first impression analysis, a thorough skin analysis during treatment and a post service analysis
- Apply the safe and appropriate use of skin analysis equipment
- Analyze information recorded on client health history form
- Determine contraindications and necessary modifications to treatments utilizing information related to product ingredients and client health history.
- Assess the impact of general health, age, gender, nutrition, stress and external

COURSE OUTLINE

EST141

Prepared: Silvana Bassanello Approved: Martha Irwin, Chair, Community Services and Interdisciplinary Studies

- environmental factors on the skin and determine an appropriate skin care treatment.
- Contribute to the maintenance of client documents and records by accurately recording information and filing confidential client information
 - Elicit appropriate information in order to recommend a range of customized esthetic services.
 - Effectively complete a facial record by noting all required and necessary information

Course Outcome 4.

Effectively perform an advanced facial, neck and décolleté relaxation massage.

Learning Objectives 4.

- Demonstrate with proficiency the 5 classic massage movements
- Demonstrate, with proficiency, fluidity, appropriate speed, pressure, and technique.
- Discuss the benefits of the 5 classic massage movements
- Locate specific muscles and nerves of the face, neck and decolette.
- Locate pressure points which induce relaxation when manipulated

Course Outcome 5.

Adhere to the health, safety, sanitation and infection control guidelines according to industry standards in compliance with Algoma Public Health regulations.

Learning Objectives 5.

- Understand basic information about bacteria, viruses, blood borne pathogens and parasites.
- Differentiate between critical, semi critical and non critical items.
- Recognize contraindications to esthetic treatments due to health and safety concerns and when to refer to a physician.
- Identify various disinfectants and use safely and effectively based on M.S.D.S data.
- Demonstrate safe and effective cleaning and either disinfection or sterilization methods during and after skin treatments for instruments, specialized equipment, client draping material, work surfaces and work stations as required by Algoma Public Health.
- Maintain and store all instruments, materials and supplies according to manufacturer's guidelines and as required by Algoma Public Health.

COURSE OUTLINE

EST141

Prepared: Silvana Bassanello Approved: Martha Irwin, Chair, Community Services and Interdisciplinary Studies

- Dispose of all single use items as required by Algoma Public Health.
- Wear gloves, mask, eye protection and other suitable personal protective equipment appropriately during the treatment to ensure the health and safety of yourself and others.
- Handle hazardous material and dispose of all waste and chemical materials in compliance with manufacturer's guidelines specific to M.S.D.S. data.

Course Outcome 6.

Reflect the professional image and conduct necessary for success which also adheres to the standards and ethics associated with the esthetic industry.

Learning Objectives 6.

- Comply with the Policies and Procedures developed by the Esthetician Diploma Program and adhere to the professional expectations for dress, hygiene and grooming.
