

SAULT
COLLEGE

Technology Standards

The following technology standards apply to all students and staff that will be using personal technology in conjunction with Sault College delivered applications and software.

Broadband Internet from a service provider of your choice will be required for all off campus remotely delivered learning.

Please review your program requirements to determine the appropriate standard.

Standard (most programs)

i5 Processor (or equivalent)
8GB RAM
256 SSD (Solid State Disk)
Web Camera
Windows 10 (Operating System)

Performance (specific programs)

i7 Processor (or equivalent)
16GB RAM
512 SSD (Solid State Disk)
Web Camera
Windows 10 (Operating System)
